

Links to maths learning

Week beginning 1st March

Monday:

Main maths lesson: <https://vimeo.com/510395871>

Catch up maths: Learn about tenths on the activity sheet. You could use objects from your home to show tenths and work each one out practically.

Tuesday:

Main maths lesson: <https://vimeo.com/510590763>

Catch up maths: Cut out each fraction and stick it beside the corresponding fraction image. Try to write the fractions for yourself on the second sheet.

Wednesday:

Main maths lesson: <https://vimeo.com/511499873>

Catch up maths: Practise counting up and down in tenths. Use the resource to help you.

Thursday:

Main maths lesson: <https://vimeo.com/511578840>

Catch up maths: Learn about different fractions. Colour and label the fractions of today's worksheet.

Friday:

Main maths lesson: Complete the fractions assessment to see how you've got on with this unit.

Catch up maths: Put the fractions in order from smallest to greatest. Remember to use practical resources to help you.
