

English/Space

Read through the information on the Mars PowerPoint to learn all about Mars. This will complement the work we did last week for British Science Week.

Complete the comprehension/quiz questions on the resource provided.

Alternatively, (or additionally) complete some of the activities on the 'English activity' resource on the website.

Here is a video to remind you of what an adverb is.

<https://www.bbc.co.uk/bitesize/topics/zwwp8mn/articles/zgsgxfr>

Maths

Use the Powerpoint 'Rounding Decimals' to learn how to round decimals to the nearest 1.

Answer the questions on the 'Busy Ant' resource on the website on a piece of paper.

Space

Learn about the order of the planets in our solar system and the distance between them. Watch this video: <https://www.youtube.com/watch?v=8sERHqPvXrw> to see how you can make your own handy 'solar system in my pocket'.

Note: The video is very brief so please use the resource on the website to help you. You don't need stickers- you can draw the planets with pens or pencils and you don't need till roll- you can use any long strips of paper or tape some shorter bits together! Have fun!

Easter crafts

Make an Easter card or picture for someone in your family using the Easter Bunny Template and your zentangle skills! You don't have to use the template; you could draw your own or create a different animal!

Look at this video for some inspiration- <https://www.youtube.com/watch?v=z0cwoP8Fdtw>
