

MATHS

Children will solve problems, including missing number problems, involving multiplication and division.

They will add and subtract amounts of money to give change, using both £ and p in practical contexts.

Children will interpret and present data using bar charts, pictograms and tables. Solve one-step and two-step questions [for example, 'How many more?' and 'How many fewer?'] using information presented in scaled bar charts and pictograms and tables.

RE & PSHE

This term we will explore customs and traditions found in Sikhism and Buddhism

In PSHE we will focus on the power of setting goals for ourselves and how to stay motivated when we find something challenging.

ENGLISH

We will be developing our ability to write in an interesting way by drafting and editing our work as real authors do during the writing process. We will also be getting to grips with using a dictionary to improve our spellings and start using a thesaurus to make adventurous word choices.

We will take part in weekly English skills sessions to develop comprehension and appreciation skills and develop spelling, grammar and handwriting skills.

We will be using the internet to research facts for some non-fiction writing all about 'Ancient Egypt'.

COMPUTING

We will spend some time practising our typing skills to become quicker and more accurate.

We will also refresh how to stay safe on the internet.

SCIENCE

Our topic this term is 'Animals including Humans'

Children will identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat

They will also identify that humans and some animals have skeletons and muscles for support, protection and movement.

P.E.

The focus of P.E. this half term is 'Multi-Skills' and Rugby
Supported by Percy park Rugby

TOPIC/ ENGLISH.

Our topic this term is 'Ancient Egyptians'
Children will build their knowledge of the period when the Ancient Egyptians were a world power. They will compare the Ancient Egyptian civilisation with the society, climate and terrain of Britain at the time. They will discover how the Ancient Egyptian civilisation came to an end and learn about the remains of Ancient Egypt that exist in Egypt today.

ART/DT

Children will explore a range of art related to Ancient Egypt including 'Pharaoh portraits', 'masks' and models of 'Scarab Beetles'
