

Counting on

Addition

B1

$$14 + 5 = \square$$

$$16 + 6 = \square$$

$$12 + 7 = \square$$

$$24 + 7 = \square$$

$$32 + 9 = \square$$

$$26 + 3 = \square$$

$$42 + 6 = \square$$

$$35 + 6 = \square$$

$$45 + 5 = \square$$

$$48 + 5 = \square$$

Place counters on the number track to help you complete each addition.

Complete the additions. Use the number track to help you.

Choose numbers that end in 6. Add 5. What is the pattern?
